

ASHAR FAROOQ

Software Development Engineer I (Frontend)

+91 7599942225 | farooqashar09@gmail.com | github.com/asharfarooq09 | linkedin.com/in/ashar-farooq-6543b830b

SUMMARY

Software Development Engineer I (Frontend) with experience building scalable design systems, reusable component libraries, and modern web applications using React, TypeScript, Node.js, and Storybook. Passionate about accessibility, performance optimization, and delivering maintainable, production-ready user interfaces.

EXPERIENCE

Software Development Engineer I

Uzence Design Studio | Aug 2025 — Present

- Build reusable React/TypeScript components, framework and design system infrastructure.
- Improve developer workflows, documentation, and performance.
- Led a team in successfully delivering a complex engineering project on time and within allocated budget.
- Collaborate with cross-functional teams to deliver production-ready UI.

Frontend Developer Intern

Uzence Design Studio | May 2025 — Jul 2025

- Developed reusable Storybook components, design tokens, and Storybook testing.
- Conducted comprehensive project analyses, identifying and rectifying discrepancies in engineering designs.
- Assisted in publishing and maintaining reusable NPM packages for internal UI libraries.
- Worked on component documentation and interactive examples within Storybook to improve developer experience.

EDUCATION

Bachelor of Business Administration

Jagdish Saran Hindu College | 2020 — 2023

Intermediate

Radha Krishna Public School | 2019 — 2020 | 82%

SKILLS

Frontend: React.js, Redux, Storybook, Tailwind CSS

Build Tools: Vite, Rollup, NPM, Webpack

Tools & Platforms: Git, GitHub, Firebase, Netlify, Style Dictionary

Backend & APIs: Node.js, REST APIs, JSON

Core Skills: Design Systems, Component Libraries, Design Tokens, Responsive Design, Accessibility (WCAG), Performance Optimization, UI/UX Development, State Management, Component Testing, Visual Regression Testing, Developer Experience (DX), Monorepo, Package Publishing
